Here at Connecting & Protecting, we strive to connect every individual to our military.

We're on a mission to help the general public have a better connection with the US Military and to educate everyone about what the men and women in arms lives.

We offer a lot for you to feel closer to those who serve and can't wait for you to start connecting!

Connecting the public, protecting the respect for the Brave.

## About Us

---

We are a non-profit organization created by Debra Zerr on July 14<sup>th</sup>, 2015. It started out as her Girl Scout Gold Award Project and turned into a blossoming organization. Debra created it because she hopes to influence people to never forget about the military and to strengthen the connection between military and the general public. We are based in Colorado and work mostly out of Arvada/Westminster area.

### About Debra Zerr:

Hello, my name is Debra Zerr. I am a college student living in the state of Colorado. As a former Girl Scout, I had so many opportunities to explore and discover the world. It has helped me find what I have a passion for in the most fun of ways. My whole life I have been raised to respect and honor the military. A lot of my family members have served themselves. That is why I decided to help our men and women in the service with my Gold Award Project. To me, it's important to know the people behind keeping us all safe and knowing what they go through daily.

## How we do it

---

On our website you will find interviews with Veterans, Active Duty, and ROTC members, pictures and posts from Debra's project, facts about each military branch, have a chance to connect with military members, and so much more!

### What we do best:

Our most successful parts of our organization are the M.O.C. and Meet 'n' Greet events. The M.O.C. is a fun and challenging obstacle course for youth to connect in an exciting environment. The Meet 'n' Greet is an opportunity for all ages to meet their local military service members in a welcoming & learning environment.
